

# ATTENTION: ALL TAFE TEACHERS

## Take action for a better deal

TAFE teachers want a new agreement that:

- reduces excessive workload
- provides secure employment
- properly recognises qualifications and experience
- delivers pay rises that value your work.

And after almost 12 months of negotiations for a new agreement, these issues have not been properly addressed.

This is not good enough.

It's time for a new type of workplace agreement – one that allows members to take action on the issues that matter.

A Single Interest Employer Agreement gives you this right.

If you want excessive workloads addressed, and pay increases, then take action.

Sign up for a Single Interest Employer Agreement now!
