

EVERY CHILD DESERVES 15 HOURS OF PRESCHOOL

Dear Minister Birmingham,

Quality preschool is the best way for children to start their education. It gives them a head start to their development and helps prepare them for school.

All our children should have access to the benefits of quality preschool and I ask the Federal Government to commit to secure, permanent funding for the 15 hours a week of preschool that our kids need because:

- Every child deserves the benefits of preschool
- Parents deserve certainty about their child's education
- Preschool staff deserve job security

Yours sincerely
